POPSMART ACADEMY
Imagine. Create. Ignite.

2026-27 SESSION

Elementary Science Program

A full year of curiosity-driven exploration across four core sciences. Below is an overview of the major topics your student will explore in each subject this school year.

Physics
ELEMENTARY

1. What Is Physics?
2. Matter & Its Properties
3. Motion
4. Forces
5. Energy
6. Simple Machines
7. Waves & Sound
8. Light & Optics
9. Electricity & Magnetism

Biology
ELEMENTARY

1. What Is Life?
2. Cells
3. Living Processes
4. Genetics & Heredity
5. Classification
6. Plant Biology
7. Animal Biology
8. Human Biology
9. Ecology

Chemistry
ELEMENTARY

1. Introduction to Chemistry
2. Matter
3. Atoms
4. The Periodic Table
5. Molecules & Compounds
6. Chemical Reactions
7. Acids & Bases
8. Energy in Chemistry

Earth Science
ELEMENTARY

1. Introduction to Earth Science
2. Earth Materials
3. Earth's Changing Surface
4. Plate Tectonics
5. Weather
6. Climate
7. Water on Earth
8. The Solar System
9. Earth, Moon & Sun
10. Stars & Galaxies

A year of wonder, one discovery at a time.
